

# PREPARING NEW TEACHERS FOR SUCCESS IN MATHS

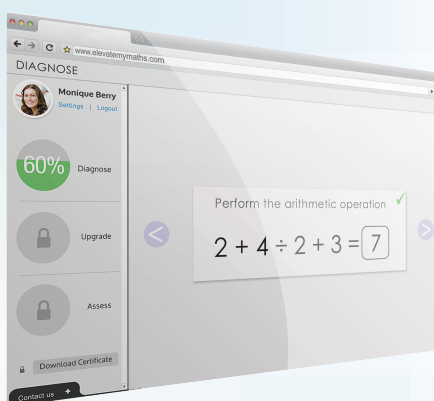

NASBTT

NASBTT has partnered with Vretta to provide Elevate My Maths, a digital upgrading platform in mathematics, to support teacher training in England.

## ELEVATE MY MATHS

Powered by Vretta

### DIAGNOSTIC ASSESSMENT

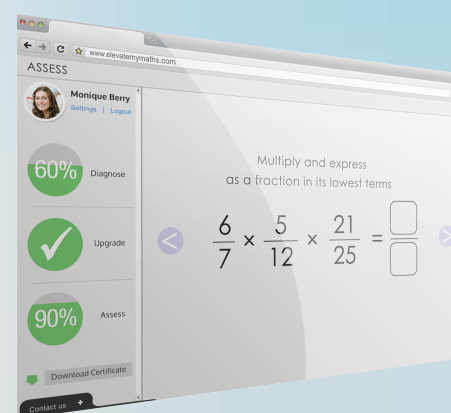

Identifying areas for improvement through a diagnostic assessment.

### UPGRADING MODULES

Upgrading maths skills through mastery based formative assessments.

### SUMMATIVE ASSESSMENT

Identify user gains through a comprehensive summative assessment.

### BEST TRANSFORMATIONAL PROJECT

Elevate My Maths was the winner of the e-Assessment Association's Best Transformational Project award for its use in preparing applicants for success in maths at colleges and universities.

# APPLICATIONS

## 1 Pre-Training

Used to diagnose and develop fundamental maths proficiencies in preparation for access to a teacher training course.

## 2 Teacher Training

Used during teacher training to support teacher's subject knowledge of mathematics.

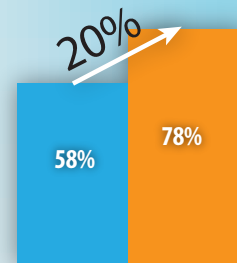

## 3 Professional Development

Used after teacher training as a tool for continuous development.

## IMPACT

On average, applicants scored 58% on their diagnostic assessment. On completion of their upgrading modules, their scores on the summative assessment increased to 78%.

AGGREGATED DATA ON USAGE FROM 2016 TO 2018

Diagnostic to Summative Assessment

## CUSTOMISED

This version of Elevate My Maths has been customised to the UK's mathematics curriculum and the DfE's requirements for fundamental maths proficiencies.

# SIGN UP TODAY

To help support your applicants' maths skills and provide them with the resources to increase their confidence in teaching mathematics, visit the site below to sign up for trial access.
